

## The Space Race contents list

**2021**

Date of Paper	Pages	Event Covered (Telegraph)
12 Apr 1961	Front	“Russian ‘Man in Space’ report – Astronaut back but in bad shape”
13 Apr 1961	Front	“Russian space man safely back – Pioneer 89min. orbit of the Earth”
6 May 1961	Front	“U.S. space man safely up and down again – President says all America rejoices”
22 Jul 1961	Front	“Capsule sinks after U.S. space flight – Capt. Grissom’s 70 ft swim”
7 Aug 1961	Front	“Spaceman sleeps 7½ hrs in orbit – Down today after 17 times round Earth”
8 Aug 1961	Front	“Spaceman is fit after 435,000 miles in 25 hrs”
21 Feb 1962	Front	“Three orbits and a safe return – Col. Glenn nearly 5 hours in space”
25 May 1962	Front	“3 orbits: Rescue by helicopter – Target area overshoot by Scott Carpenter”
12 Aug 1962	Front	“Spaceman may be up for 3 days – Russia asks U.S. to curb high atomic tests”
13 Aug 1962	Front	“Russians ‘meet’ in space – Popovich & Nikolayev exchange greetings”
14 Aug 1962	Front	“Space ship landing likely today – Russians sleep after day’s observations”
15 Aug 1962	Front	“Space pair sing each other asleep – Third day of group flight”
16 Aug 1962	Front	“Spacemen down, right on target – Six minutes between capsule landings”
4 Oct 1962	Front	“Sixth orbit landing by Cdr. Schirra”
16 May 1963	Front	“Space man says ‘It feels good’ – Faith VII going well on 22-orbit flight”
17 May 1963	Front	“Cooper down and safe in warship – Pacific landing 7,000 yards from target”
15 June 1963	Front	“Russia puts up fifth astronaut – Moscow radio forecasts ‘prolonged flight’”
16 June 1963	Front	“Sausage pie in space”
17 June 1963	Front	“Russia’s woman pioneer in space – Valentina a day late for rendezvous”
18 June 1963	Front	“Valentina likely to miss space meeting – Russian cosmonauts get farther apart”
19 June 1963	Front	“Space record broken – 4 days’ circuits”
21 June 1963	Front	“Scientists see Valentina – Meeting on Volga”
13 Oct 1964	Front	“Russian three-man spaceship in orbit”
14 Oct 1964	Front	“Russian space trio ordered down – Instrument failure as likely cause”
19 Mar 1965	Front	“Russian ‘swims’ in space – 3,000 mile trip outside craft in orbit”
20 Mar 1965	Front	“Off-course landing by ‘lost’ capsule – Spacemen well after 18-orbit flight”
24 Mar 1965	Front	“U.S. spacemen safe in sea landing – Grissom & Young changed capsule’s orbit”

4 June 1965	Front	“American swims 14 mins. in space – Russian’s record is broken”
5 June 1965	Front	“Astronauts talk with wives – ‘The kids think you’re at Cape Kennedy’”
6 June 1965	Front	“Computers work on ‘thing’ in space”
7 June 1965	Front	“Gemini not to attack space record”
8 June 1965	Front	“Safe in carrier after 62 orbits – Atlantic ‘splash-down’ by US astronauts”
22 Aug 1965	Front	“Power crisis in spacecraft, but flight goes on”
23 Aug 1965	Front	“Gemini is back on full power – 8-day target now likely to be achieved”
24 Aug 1965	Front	“Gemini V keeps ‘date’ in space – Phantom rendezvous manoeuvre”
26 Aug 1965	Front	“Military spaceship ordered by U.S. – Johnson invites Russians to Gemini VI launching”
27 Aug 1965	Front	“Trouble as Gemini V beats Soviet record – Two thruster jets stop”
29 Aug 1965	Front	“Gemini to land early”
30 Aug 1965	Front	“Safe after 8-day space triumph – Cooper and Conrad ‘amazingly well’”
26 Oct 1965	Front	“Space rendezvous rocket blows up – “£8m setback to Gemini moon programme”
5 Dec 1965	Front	“Gemini 7 goes into orbit”
6 Dec 1965	Front	“Astronauts spend lazy day in orbit”
7 Dec 1965	Front	“Astronaut orbits in his underpants”
9 Dec 1965	Front	“Steel plant upset calls to Gemini”
13 Dec 1965	Front	“Spacemen stopped 2secs from take-off – Plug loss cuts engine of rendezvous rocket”
16 Dec 1965	Front	“Four Americans meet in space – ‘We did it’ shout by astronaut”
17 Dec 1965	Front	“Fuel cell fault unlikely to stop Gemini”
18 Dec 1965	Front	“An historic picture from space... Gemini VII photographed from Gemini VI during their rendezvous”
19 Dec 1965	Front	“14-day spacemen in perfect landing – Bearded Gemini crew return smiling”
17 Mar 1966	Front	“Astronauts survive space emergency – Gemini damaged in satellite link-up”
18 Mar 1966	Front	“Gemini 8 ‘tumbled end over end’ – Astronauts recorded fight for control”
4 June 1966	Front	“Gemini fails to ‘dock’ in space – Nose cover remains fixed to target”
5 June 1966	Front	“Space walk delay”
6 June 1966	Front	“Walk in space cut short – Astronaut 2 hours outside capsule”
7 June 1966	Front	“Astronauts down close to carrier”
22 July 1966	Front	“Astronauts down near carrier – Flight brings landing on moon nearer”
13 Sep 1966	Front	“Gemini men ‘dock’ in first orbit”

14 Sep 1966	Front	“Space walker gives up after 44 mins”
15 Sep 1966	Front	“850-mile space probe by Gemini pilots – ‘It’s utterly fantastic””
16 Sep 1966	Front	“Computer landing by Gemini”
12 Nov 1966	Front	“Spacemen beat radar failure – Gemini 12 & rocket link successfully”
14 Nov 1966	Front	“Astronaut completes record space task”
16 Nov 1966	Front	“Astronauts make safe splash down”
28 Jan 1967	Front	“3 U.S. spacemen die in rocket fire – Flames trap Apollo team in capsule”
24 Apr 1967	Front	“Russian in space link-up flight – Second craft likely to be launched today”
25 Apr 1967	Front	“Russian inquiry into space crash – Mystery of failure to use ejector”
12 Oct 1968	Front	“Apollo flight raises American moon shot hopes”
13 Oct 1968	Front	“Apollo link-up: Pilot says ‘No TV today””
14 Oct 1968	Front	“Space crew all set for TV today”
15 Oct 1968	Front	“Apollo sends TV pictures from space”
16 Oct 1968	Front	“Schirra gives viewers ‘tour’ of Apollo”
17 Oct 1968	Front	“Storm threat to Apollo splashdown”
19 Oct 1968	Front	“Apollo crew ‘face danger of radiation””
22 Oct 1968	Front	“June ‘men on moon’ aim by U.S.”
23 Oct 1968	Front	“Apollo 7 splashes down to end ‘perfect mission””
27 Oct 1968	Front	“Russia back in space race with mystery link-up flight”
28 Oct 1968	Front	“Russian spacecraft link up”
29 Oct 1968	Front	“Russia recalls unmanned spacecraft”
30 Oct 1968	Front	“A smile for the television camera yesterday from Col. Georgy Beregovoi during his fourth day in orbit”
21 Dec 1968	Front	“All set for Apollo moon shot”
22 Dec 1968	Front	“Apollo’s crew on their way to the moon”
23 Dec 1968	Front	“Flu alarm midway to the moon – Sleeping pill for spaceman”
24 Dec 1968	Front	“Moon team crosses the great divide – TV viewers are shown ‘man in the earth””
27 Dec 1968	Front	“Moonship set on the last lap home – 35-mile ‘keyhole’ for return to earth”
28 Dec 1968	Front	“Moonship’s final bullseye – Apollo’s ‘fireball’ return”
16 Jan 1969	Front	“Russia may swap men in space”
17 Jan 1969	Front	“Soviet crew switch spaceships – Two capsules linked over Russia”
4 Mar 1969	Front	“Delay in Apollo 9 docking”

5 Mar 1969	Front	“Spacemen pass vital tests”
6 Mar 1969	Front	“Astronaut’s illness stops ‘space walk’”
7 Mar 1969	Front	“Astronaut walks for 37 minutes in space”
8 Mar 1969	Front	“U.S. set for summer moon trip”
9 Mar 1969	Front	“Apollo rocket fault cured”
10 Mar 1969	Front	“Astronauts spend day on tests”
11 Mar 1969	Front	“Record space sleep for Apollo crew”
12 Mar 1969	Front	“Apollo snag”
13 Mar 1969	Front	“Apollo landing site switched”
14 Mar 1969	Front	“The Apollo 9 astronauts aboard the recovery ship after splash-down in the Atlantic”
18 May 1969	Front	“Flurry after leak in Apollo”
19 May 1969	Front	“Apollo 10 on target for moon”
20 May 1969	Front	“Spacemen drink chlorine as control ‘goofs’”
21 May 1969	Front	“Apollo 10 clears radiation”
22 May 1969	Front	“Apollo 10 goes into successful moon orbit”
23 May 1969	Front	“Swoop over the moon at 50,000 ft – Snoopy back ‘with all the marbles’”
24 May 1969	Front	“Tired Apollo 10 crew set for return trip”
25 May 1969	Front	“‘Beautiful burn,’ and Apollo heads back”
26 May 1969	Front	“Way clear for moon landing – Apollo splashdown in Pacific today”
27 May 1969	Front	“Apollo men back in triumph”
16 July 1969	Front	“Apollo set to put man on moon”
17 July 1969	Front	“‘Looking good’ for U.S. moon trip – Apollo launch is ¾ second late”
18 July 1969	Front	“Moon men may step out early”
19 July 1969	Front	“Russian ‘all clear’ to Apollo – Assurance after call to Moscow”
20 July 1969	Front	“Apollo 11 is in moon orbit”
21 July 1969	Front	“Americans walk on the moon”
22 July 1969	Front	“Space link by moon men – Eagle blasts off for rendezvous”
23 July 1969	Front	“Moonmen speed home into pull of the earth”
24 July 1969	Front	“Moonquake traced by seismograph”
25 July 1969	Front	“Upside down splash to a scrubdown – Moonmen safe back”
